### **SECTION 4: First aid measures**

# 4.1 Description of first aid measures

General advice Move out of dangerous area.

Consult a physician.

Show this safety data sheet to the doctor in attendance.

If inhaled Move to fresh air.

Consult a physician after significant exposure.

Take off contaminated clothing and shoes immediately. In case of skin contact

Wash off with soap and plenty of water.

Immediate medical treatment is necessary as untreated wounds from

corrosion of the skin heal slowly and with difficulty.

In case of eye contact Small amounts splashed into eyes can cause irreversible tissue

> damage and blindness. Protect unharmed eye.

Continue rinsing eyes during transport to hospital.

If swallowed Clean mouth with water and drink afterwards plenty of water.

Do NOT induce vomiting.

Do not give milk or alcoholic beverages.

Never give anything by mouth to an unconscious person.

Take victim immediately to hospital.

### **SECTION 11: Toxicological information**

#### 11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008

Our company is strongly against animal testing.

Our company does not place any orders for animal testing for the finished product or the ingredients. However, as a result of EU legislation (REACH Regulation), the manufacturers of ingredients or EU importers are obliged to test ingredients with regard to their effects on human health and the environment before they are brought onto the market. Some of the tests made necessary by this took place decades ago.
